

Model No	LOL0009
Application	Accent
Description	Machined accent light on spike
Lamp	MR11 or MR16 LED or Hallogen
Wattage	2.5W MR11, 6W MR16 LED Halogen 20-35W Max
Voltage	12V AC

Finish	Brushed natural copper and brass*, stainless steel or antique bronze
---------------	----------------------------------------------------------------------

Mounting	Fixture may be mounted into threaded hubs in junction boxes, ground stakes, tree-mount boxes, or mounting canopies.
-----------------	---------------------------------------------------------------------------------------------------------------------

Fasteners	Stainless Steel
IP	TBA

Dimensions	
Type I	41.3 x 161.9
Type II	53.9 x 187.3
Type III	63.5 x 235
mm	∅ x L

Weight	TBA
---------------	-----

Notes

*Brushed copper will rapidly age to an elegant rich bronze-like color and may develop areas of patina over time.

Detailed description

Compact and sleek, this low voltage up & accent fixture is constructed of heavy-gauge, extruded, solid copper. The fully rotatable shroud is fitted with a silicone o-ring gasket to ensure a superior weather-tight seal under harsh conditions. A clear, tempered, shock and heat resistant soda-lime glass lens safeguards the lamp and optics. The intelligently engineered fully adjustable knuckle is made from solid brass and isolates the fixture from the harmful corrosive soil.

Note: All dimensions and other specifications can change without notice. Please contact Light On Landscape to confirm the availability and current specifications of this luminaire.

Installation: Light On Landscape strongly recommend that all luminaires be correctly installed and maintained. Failure to do so will result in the voiding of the manufacturer's warranty and the reduced efficiency, performance and life of the fixture. To eliminate voltage drop, we advise that the recommended UV stabilized cable and run lengths are used, along with soldered joints, heat shrink connectors and quality lamps.

Type - I (MR-11)

Type -III (MR-16)
